On October 7, 2010, ModusLink Global Solutions, Inc. ("ModusLink") issued the following news release:

### **ModusLink Responds to LCV Capital Management and Raging Capital Management**

WALTHAM, Mass., October 7, 2010 — ModusLink Global Solutions<sup>(TM)</sup>, Inc. (NASDAQ:MLNK), today issued the following statement in response to the public letter from dissident hedge funds, LCV Capital Management, LLC, Raging Capital Management, LLC and certain of their affiliates:

ModusLink values the opinions of all stockholders and strives to maintain an open dialogue with them. To that end, members of ModusLink's senior management have met with LCV and Raging Capital representatives on numerous occasions, and throughout the discussions the Company gave these dissidents every indication that their concerns could be resolved in a manner that would be beneficial to all stockholders.

ModusLink's directors, six of seven of whom are independent, are all highly qualified and committed to represent the best interests of all ModusLink stockholders. Consistent with their fiduciary duties, members of the Board's Nominating and Corporate Governance Committee have interviewed each one of the dissident nominees and are in the process of evaluating their qualifications.

ModusLink recommends that stockholders defer making any determination with respect to the letter from LCV and Raging Capital, which distorts the Company's record on a number of matters, until they have been advised of the Board's evaluation of the dissident's nominees and proposals.

ModusLink remains firmly committed to creating value for all its stockholders through the successful execution of the Company's strategy. The Company's Board and management have taken actions to improve the financial and operational performance of the Company and create value for stockholders, including:

- Investing \$55.3 million to repurchase shares since early fiscal 2008. In total the Company has purchased 5.6 million shares, which represents 12% of the fully diluted outstanding share count at the time the program was first announced.
- Effectively managing through a very difficult economic environment, taking decisive actions to reduce expenses and maintain a strong balance sheet.
- Focusing on maximizing profitability, resulting in record free cash flow from operations in fiscal 2010.
